Benefit Increase Option

Every three years, as long as you're not in claim status, you'll be offered the chance to buy more coverage without answering any medical questions. The premium for the increase will be based on your age at the time you increase your benefits. If you decline the increase two consecutive times, future offers will not be made.

Automatic 3% Increase Life Compound

Your Monthly Benefit and Total Coverage will automatically increase by 3% compound every year, with no additional increase in your premium.

Automatic 5% Increase Life Compound

Your Monthly Benefit and Total Coverage will automatically increase by 5% compound every year, with no additional increase in your premium.
