Ra spoke about a pre-ejection pro-gram that helps teenagers learn health relationship skills in the schools. Help is needed to ensure a positive atmosphere for all groups. There has been a high percentage of abuse.

Practitioner Pre-ejection is the focus. In the education, the Department of Health and Human Services, for 10 hours. The Department of Health and Human Services is a session class. The Department of Health and Human Services, sessions - a do air, and the department has opportunities to help spread the word. See handouts.

Ms. Gilliam stated that the program is to be a program at the Maryland Health Department. Ms. Gilliam presented See So Ethics - Sa So Ethics. This is a manual to be distributed to the students.
